Reaction Paper Questions

5. Using the results from the Barthelow, Witt, and Payne articles, discuss how race and gun possession may have played a role in the Trayvon Martin case. Be sure to give specific details from the experiments.

6. Using results from at least 3 of the posted articles, discuss gender differences in: 1. judging the romantic interest of others; 2. Risks and benefits in letting others know of your interest, and 3. Preferred traits in a romantic partner. Again, be sure to include specific details from the articles to support your points.

7. Using at least 3 of the posted articles, discuss how eyewitness testimony and confessions can influence decisions of guilt. How might this apply to the Rayn Ferguson case? Again, give specific details from experiments.

Papers due on May 1.
