Course Webpage: http://www.math.missouri.edu/~dale
(then click on “Matrix Theory, Spring 2011”)

Grades in the course are computed from 500 total points, assigned as follows:
Exam 1 (100 points) Monday, February 14.
Exam 2 (100 points) Monday, March 21.
Final Exam (200 points) Thursday, May 12, 10:00 - 12:00.
Homework (100 points) Homework must be turned in on time to receive credit.
If you need accommodations because of a disability, if you have emergency medical information to share with me, or if you need special arrangements in case the building must be evacuated, please inform me immediately. Please see me privately after class, or at my office.

To request academic accommodations (for example, a note taker or extended time on exams), students must also register with the Office of Disability Services

http://disabilityservices.missouri.edu or http://disabilityservices.missouri.edu,
S5 Memorial Union, 882-4696. It is the campus office responsible for reviewing documentation provided by students requesting academic accommodations, and for accommodations planning in cooperation with students and instructors, as needed and consistent with course requirements. For other MU resources for students with disabilities, click on "Disability Resources" on the MU home-page.

Academic integrity is fundamental to the activities and principles of a university. All members of the academic community must be confident that each person’s work has been responsibly and honorably acquired, developed, and presented. Any effort to gain an advantage not given to all students is dishonest whether or not the effort is successful. The academic community regards breaches of the academic integrity rules as extremely serious matters. Sanctions for such a breach may include academic sanctions from the instructor, including failing the course for any violation, to disciplinary sanctions ranging from probation to expulsion. When in doubt about plagiarism, paraphrasing, quoting, collaboration, or any other form of cheating, consult the course instructor.
