OFFICE OF TECHNOLOGY MANAGEMENT AND INDUSTRY RELATIONS

## Welcome to the MU Faculty Advisory Committee on IP

I would like to take this opportunity to welcome you to the committee and again thank you for your willingness to engage in the important role of intellectual property and technology transfer management at the University of Missouri. In preparing for the January 31 kickoff meeting, we quickly realized how difficult it was to coordinate busy schedules. While not everyone will be able to attend, we will have excellent representation from all groups.

The first hour and lunch will include the entire group. A detailed agenda will be forwarded in advance of the meeting but topics that we would like to discuss are as follows:

- Introduction to OTMIR – An overview of history, metrics, current staff, and recent successes
- OTMIR Policies & Procedures
- Challenges & Opportunities for the upcoming year
  - Better engagement with faculty
  - Collected Rules of the University of Missouri
  - Marketing of Technologies
    - MO Technology Expo
    - International Marketing Efforts
    - Marketing of Research Capabilities
  - Strategic Investment Opportunities
    - Coulter Translational Partnership Program
    - MU Biodesign & Innovation Program
    - Student Angel Capital Group
    - CLIMB
  - Expansion
    - Adding dedicated support for patent docketing
    - Developing a new IPLU to serve Education, Journalism, and the Humanities
    - Adding licensing support for software technologies

Following the group-wide discussion, I would like to hold break-out sessions for each of the sub-committee groups to initiate closer interaction with the staff of each IPLU, and to discuss current disclosures and licensing opportunities each group is currently pursuing.

Also, I would like each group to discuss how best to implement educational sessions for faculty and students within the colleges served by each IPLU.

Attached are slides prepared to better acclimate you to OTMIR, as well as historical metrics through the end of FY2011. With your advance review, I can move through this material quickly in our meeting, leaving more time for discussion of the topics above.

Please let me know if you have questions or comments in advance of the meeting and we can adjust our final agenda accordingly.

Best regards,

Chris Fender

2012
