Subject: Re: NSEI costs

He said that you had done a study showing that Nuclear Engineering is the most expensive program at the university--I don't know if that rings a bell. If we do genuinely have any "cost" data for the program, it would be helpful. I keep reading the "comments" in the Tribune (I know, I know--should never do that), and I want to understand as much of the context as I can...

Subject: FW: Shared Credit Allocations on MU SESP Subcontract - approvals needed

Please signify your acceptance of these shared credit changes via email. Monica – will you get department and dean approvals for the Engineering folks?

Subject: Shared Credit Allocations on MU SESP Subcontract

Ronda,

We need to make some changes to the shared credit on the DOL grant. Our understanding is that the current allocations are as follows:

PSRS Shard Credit Allocations, as of June 2012
MU DOL SESP Subcontract, MoCode DFA32, Project 00030810

William Miller, PI: 15%, MURR, C4545183, and 15% NSEI C1980001
Gayla Neumeyer: 25% MURR, C4545183
Steve Borgelt, 30%, BIOLOGICAL & AG ENG 22, C1522037
Shawn Xu: 3% WATER RES CNTR 3200 C1995005
Mike Devaney: 3%, Elec Engr; DeptID C1955023
Gary Solbrekken: 3%, Mech Engr; Dept ID C1970040
Matt Easter: 1.5% IMSE, DeptID C1965030; 1.5% MURR, DeptID C4545183
Gelu Ionas: 1.5% IMSE, DeptID C1965030; 1.5% MURR, DeptID C4545183

We would like to change these to the following:

PSRS Shard Credit Allocations, Revised
MU DOL SESP Subcontract, MoCode DFA32, Project 00030810

William Miller, PI: 21%, MURR, C4545183, and 20% NSEI C1980001
Gayla Neumeyer: 40% MURR, C4545183
Steve Borgelt, 3%, BIOLOGICAL & AG ENG 22, C1522037
Shawn Xu: 0% WATER RES CNTR 3200 C1995005
Mike Devaney: 3%, Elec Engr; DeptID C1955023
Gary Solbrekken: 3%, Mech Engr; Dept ID C1970040
Matt Easter: 2.5% IMSE, DeptID C1965030; 2.5% MURR, DeptID C4545183
Gelu Ionas: 2.5% IMSE, DeptID C1965030; 2.5% MURR, DeptID C4545183

Can you process this change for us? Let me know if you need additional information.
